

Leading the change in opioid treatment with our **Mission, Vision, Values.**

CMS sets goals annually as an organization – goals which every team member actively contributes toward achieving!

- #1** Become recognized as leading the change in SUD treatment by providing the highest quality care with best-in-class SDOH outcomes.
- #2** Identify, build, license and successfully ramp an additional 25 clinics with an ongoing yearly view of > 25/year.
- #3** Expand our impact by growing existing clinic census by >6%.
- #4** Develop a high-performance team to deploy systems to cost-effectively support treating 39,500 patients and opening a total of 50 clinics in 2023 and 2024.

Our Mission: To help those who are suffering from substance use disorders. We're proud that our clinics provide an environment that is free of judgment and condescension.

Our Vision: Leading the change to eliminate the consequences of substance use disorder in our communities.

Our Values: We value people who are passionate about making an impact.
